tensegrity as vision

Tensile Structures Design and Engineering

- Consultation
- Conceptual design
- Visualization 3D rendering models
- Form Finding
- Engineering - fabric and load analysis
- Detailed design
- Steelwork shop drawings
- Cutting patterns and detailing

Architectural membranes and Shade structures

- Complete tensile membrane structures projects
- PVC and PTFE membranes
- Tensile structure kits
- Modular tensile structures
- Exhibition and promotional stands and pavilions
- Clamp plates, specific rigging elements
- Tensile interior designs, tensile furniture
- Tensile membrane architectural models

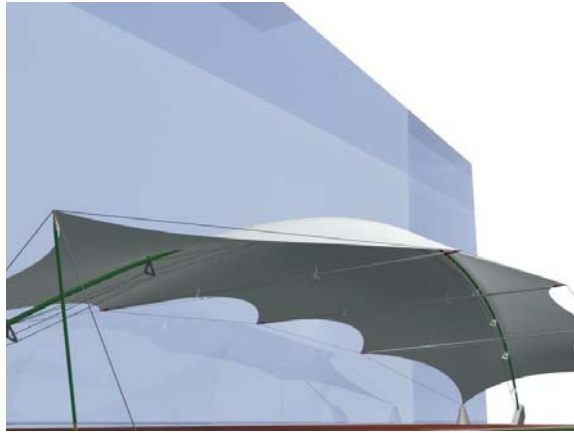

The first PTFE tensile membrane in Bulgaria in collaboration with Structurflex, New Zealand
